

To Clean Carpets.

If you have a carpet that looks dingy and you wish to restore it to its original freshness, make a stiff lather of Ivory Soap and warm water and scrub it, width by width, with the lather. Wipe with a clean damp sponge. Do not apply more water than necessary.

The vegetable oils of which Ivory Soap is made, and its purity, fit it for many special uses for which other soaps are unsafe and unsatisfactory.

Department of Justice Unable to Prove That Any Money Paid by Ryan Ever Reached the Defendant.

DEPUBLIC SPECIAL

Washington, Oct. 18.-Disagreement of the jury at Cincinnati in the trial of ex-Assistant Attorney Daniel V. Miller of the Post-Office Department is a cause of sore disappointment to administration officials Assistant Attorney General Robb, who

went to Cincinnati to aid in the trial, has not returned, and thus far little is known out the proceedings further than was told in the press disputches.

The Government was aware that the Miller and Johns cases were about the weakest of any growing out of the Post-Office investigation. A prominent postal official raid last week that the reason of this was that no proof existed that a share of the money alleged to have been paid by Ryan for a favorable decision actually reached Miller. No canceled check or other paper is in existence, as far as the Government knows, to show that Miller received the money. Such a nt was bound to have influence with the Jury.

The fact of a disagreement does not pre-

The moral effect on the other cases coming up for trait will not be helpful to the Government. In most of the pending cases, the Government, it is chalmed, has evidence of money actually reaching the accused persons, wherein these cases differ from the one at Cincinnati. In spite of these important differences, the general tendency will be to interpret the failure to reach a verdict at Cincinnati as a setback for the Government.

It has caused some elation among the several defendants in postal cases residing in this city.
